PROFILE

As a lifelong musician and general nerd for all things creative, it's my passion to bring projects to life, whether it be my own, an artist I'm working with, or one of the many brands that I love and believe in. I'm proud of my abilities to "wear many hats" and help shape projects from the point of conception to the latter phases of launch and marketing. I'm always ready for a challenge, and I'm a lifelong student of the many crafts that I'm passionate about.
